IMMADI SIVA HARSHITH NAIDU

Hyderabad, Telangana

7989069894 21eg105g19@gmail.com Siva Harshith SivaHarshith1303

Education

Degree	Institute/University	Board	CGPA/Percentage	Year
B.Tech CSE	Anurag University	Anurag University	9.25 (Till 6th Sem)	2021-2025
Senior Secondary	Narayana Junior College	TSBIE	97.8%	2021
Matriculation	Narayana Concept School	SSC	10.0	2019

Experience

- **ShiderTech - Software Developer Intern (Dec 2023 - May 2024)** Engineered in real-time projects for the customer service team, implemented efficient coding practices that enhanced overall software quality.Worked on Python based project.

Projects

- **Bank Management System**
  Engineered a real-time web-based application that enables seamless online banking transactions.
  – Engineered a dynamic website utilizing **HTML, CSS, Java, and Servlets** and used **MySQL** for robust data management.
  – Used JDBC for the connectivity with database.
- **Phone Directory**
  A real time directory storing the phone numbers,names and email id of the people.
  – Facilitating user to store contacts of their friends,family and any other people.
  – **Language Used :** C
  – **Data Structure Used :** Linked List,structures.
- **Website for Iravat Convention Company**
  Technologies Used : Html,Css,Javascript.
  – As part of my internship, I developed a responsive website titled "Iravat Convention," offering comprehensive insights into the company's services, specialties, and background through smooth transitions. Additionally, I integrated a contact form allowing users to input details, with information securely stored in Google Sheets..
- **Resume Scorer**
  Developed a web application using Streamlit to parse and analyze resumes.
  – Extracted key details (name, email, phone number) and provided a resume score based on job roles and keyword matching.Implemented skill and course recommendations using SpaCy's pre-trained model for natural language processing.
  – **Python Libraries Used : Streamlit , SpaCy , PDFMiner .**

Achievements

–Secured a global rank of 355 out of 22000+ participants in CODECHEF STARTERS 134.
–Secured a global rank of 368 out of 20000+ participants in CODECHEF STARTERS 85.
–Secured 3rd Price in Coders Unite (Coding Contest Conducted by GeeksforGeeks).

Technical Skills

∗**Programming Languages** Java , C, Python, JavaScript , SQL.

∗**Relevent Coursework**: Data Structures & Algorithms, Object Oriented Programming, Database Management System, Computer Networks , Operating System .

∗**Soft Skills**: Analytical Problem Solving, Flexibility in Adapting to New Challenges, Effective Presentation and Communication Skills

Certifications

Java With DSA Apna College

Coding Profile

CodeChef LeetCode GeeksforGeeks

Positions of Responsibility

∗**Team Lead - Smart India Hackathon 2023** Participated & secured 6th position out of 250+ teams in SIH 2023 by developing Smart Toilet Model.
